

Best Industrial Ultrasonic Cleaner For Hand Car Parts

Model	BK-1800E
Dimension(L*W*H)	600*480*450mm
Power(W)	1.8kw
Heating power	4kw
Accessories	Wheels, Baskets, Lid, Intel valve, Drain valve
Ultrasonic direction	Three sides or more
Voltage	220V/380V
Material	Stainless steel 304
Applications	Carbon clean, Oil, Grease, Foul clean, cutting liquids, Metal particles, Dirties clean
Timer/Temperature	Digital
Ultrasonic Frequency	28kHz
Advantages	High Efficiency, High Reliability, Cleaning Completely
Optional Function	Dregs Tank, Overflow Device
